Contents

Number 1, January 1992

1 K. C. JACOBSON, R. C. FLETCHER and R. E. KUHN: Binding of antibody and resistance to lysis of trypomastigotes of *Trypanosoma cruzi*

13 C. M. NDARATHI: Cellular responses to phase fractions of *Trypanosoma lewisi*

23 C. HAMELMANN, B. FOERSTER, G. D. BURCHARD and R. D. HORSTMANN: Lysis of pathogenic and nonpathogenic *Entamoeba histolytica* by human complement: methodological analysis

37 C. M. LEZAMA-DAVILA, D. M. WILLIAMS, G. GALLAGHER and J. ALEXANDER: Cytokine control of *Leishmania* infection in the BALB/c mouse: enhancement and inhibition of parasite growth by local administration of IL-2 or IL-4 is species and time dependent

49 V. RODRIGUES JR, J. S. DA SILVA and A. CAMPOS-NETO: Selective inability of spleen antigen presenting cells from *Leishmania donovani* infected hamsters to mediate specific T cell proliferation to parasite antigens

59 J. F. CHRISTIE, E. M. FRASER and M. W. KENNEDY: Comparison between the MHC-restricted antibody repertoire to *Ascaris* antigens in adjuvant-assisted immunization or infection

75 C. MENDIS, G. DEL GIUDICE, A. C. GAMAGE-MENDIS, C. TOUGNE, A. PESSI, S. WEERASINGHE, R. CARTER and K. N. MENDIS: Anti-circumsporozoite protein antibodies measure age related exposure to malaria in Kataragama, Sri Lanka

87 L. A. MURILLO, F. A. TENJO, O. P. CLAVIJO, M. A. OROZCO, S. SAMPAIO, J. KALIL and M. E. PATARROYO: A specific T-cell receptor genotype preference in the immune response to a synthetic *Plasmodium falciparum* malaria vaccine

95 C. L. ROCHA, L. A. MURILLO, A. L. MORA, M. ROJOS, L. FRANCO, J. COTE, M. V. VALERO, A. MORENO, R. AMADOR, F. NUÑEZ, A. CORONELL and M. E. PATARROYO: Determination of the immunization schedule for field trials with the synthetic malaria vaccine SPf 66 233

111 A. MOLANO, C. SEGURA, F. GUZMAN, D. LOZADA and M. E. PATARROYO: In human malaria protective antibodies are directed against the Lys-Glu ion pair within the Lys-Glu-Lys motif of the synthetic vaccine SPf 66 239

Number 2, March 1992

125 P. M. PRESTON, C. G. D. BROWN and W. RICHARDSON: Cytokines inhibit the development of trophozoite-infected cells of *Theileria annulata* and *Theileria parva* but enhance the proliferation of machroschizont-infected cell lines 249

143 E. L. N. TARACHA, B. M. GODDEERIS, J. R. SCOTT and W. I. MORRISON: Standardization of a technique for analysing the frequency of parasite-specific cytotoxic T lymphocyte precursors in cattle immunized with *Theileria parva* 267

155 A. M. CELENTANO and S. M. GONZÁLEZ CAPPA: Induction of macrophage activation and opsonizing antibodies by *Trypanosoma cruzi* subpopulations 279

169 E. MICHAEL and D. A. P. BUNDY: Nutrition, immunity and helminth infection: effect of dietary protein on the dynamics of the primary antibody response to *Trichuris muris* (Nematoda) in CBA/Ca mice 295

185 J. G. LANGLEY and D. W. DUNNE: Temporal variation in the carbohydrate and peptide surface epitopes in antibody-dependent, eosinophil-mediated killing of *Schistosoma mansoni* schistosomula 307

201 R. PÉREZ-SÁNCHEZ, A. OLEAGA-PÉREZ and E. ENCINAS-GRANDES: Analysis of the specificity of the salivary antigens of *Ornithodoros erraticus* for the purpose of serological detection of swine farms harbouring the parasite 321

217 P. GARSIDE, R. K. GRENCIS and A. MCI. MOWAT: T lymphocyte dependent enteropathy in murine *Trichinella spiralis* infection 339

227 J. M. S. NINA, V. MCDONALD, R. M. A. DEER, S. E. WRIGHT, D. A. DYSON, P. L. CHIODINI and K. P. W. J. MCADAM: Comparative study of the antigenic composition of oocyst isolates of *Cryptosporidium parvum* from different hosts 351

233 Brief communication
S. KUMAR and D. I. PRITCHARD: Distinction of human hookworm larvae based on lectin-binding characteristics

Number 3, May 1992

239 D. LIU, M. W. LIGHTOWLERS and M. D. RICKARD: Examination of murine antibody response to secondary hydatidosis using ELISA and immunoelectrophoresis

249 H. WEDRYCHOWICZ, K. BAIRDEN, A. TAIT and P. H. HOLMES: Immune responses of sheep to surface antigens of infective larvae of *Ostertagia circumcincta*

267 A. N. SCHWEITZER: Alternative patterns of MHC-restricted antibody responsiveness following intraperitoneal immunization of inbred mice with different preparations of an 86 kilodalton antigen of *Schistosoma mansoni*

279 T. KANAZAWA, T. S. HARRIS, S. M. CHIKUNGUWO and M. J. STADECKER: Larvicidal properties of macrophages induced by cloned murine schistosomal egg antigen-specific CD4 positive T-helper lymphocytes

295 TH. P. M. SCHETTERS, J. KLEUSKENS, N. SCHOLTES and H. J. BOS: Vaccination of dogs against *Babesia canis* infection using parasite antigens from in vitro culture

307 F. WUNDERLICH, W. P. M. BENTEN, U. BETTENHAEUSER, H.-P. SCHMITT-WREDE and H. MOSSMANN: Testosterone-unresponsiveness of existing immunity against *Plasmodium chabaudi* malaria

321 E. M. RILEY, S. J. ALLEN, J. G. WHEELER, M. J. BLACKMAN, S. BENNETT, B. TAKACS, H.-J. SCHÖNFELD, A. A. HOLDER and B. M. GREENWOOD: Naturally acquired cellular and humoral immune responses to the major merozoite surface antigen (PfMSP1) of *Plasmodium falciparum* are associated with reduced malaria morbidity

339 C. FLETCHER, D. W. BIRCH and D. A. DENHAM: Cats with single *Brugia pahangi* infections: relationship between parasitological status and humoral responses to somatic and surface parasite antigens

351 Brief communication
R. H. DWINGER, A. S. GRIEVE, W. F. SNOW, P. RAWLINGS, B. JABANG and D. J. L. WILLIAMS: Maternal antibodies in N'Dama calves kept under natural trypanosomiasis risk in The Gambia

Number 4, July 1992 471

355 M. SEGER, D. GOLD, J. LENGY, H. PAULI and Y. KEISARI: On the interaction between macrophages and developmental stages of *Schistosoma mansoni*: effect of muramyl tripeptide phosphatidyl ethanolamine (MTP-PE) treatment on mice survival and the generation of schistosomulicidal macrophages 481

371 R. LAWRENCE and D. A. DENHAM: *Brugia pahangi* infections in immune-compromised rats demonstrate that separate mechanisms control adult worm and microfilarial numbers 489

385 A. C. GAMAGE-MENDIS, J. RAJAKARUNA, R. CARTER and K. N. MENDIS: Transmission blocking immunity to human *Plasmodium vivax* malaria in an endemic population in Kataragama, Sri Lanka 503

397 E. GHADIRIAN and M. DENIS: In vivo activation of macrophages by IFN-γ to kill *Entamoeba histolytica* trophozoites *in vitro* 513

405 C. A. HUNTER, C. W. ROBERTS, M. MURRAY and J. ALEXANDER: Detection of cytokine mRNA in the brains of mice with toxoplasmic encephalitis 531

415 C. M. HU, L. GERN and A. AESCHLIMANN: Changes in the protein profile and antigenicity of different *Borrelia burgdorferi* strains after reintroduction to *Ixodes ricinus* ticks 541

429 J. F. HUNTLEY, G. F. J. NEWLANDS, F. JACKSON and H. R. P. MILLER: The influence of challenge dose, duration of immunity, or steroid treatment on mucosal mast cells and on the distribution of sheep mast cell proteinase in *Haemonchus*-infected sheep 557

441 K. J. ELSE, L. HÜLTNER and R. K. GRENCIS: Modulation of cytokine production and response phenotypes in murine trichuriasis

451 Brief communication
M. KAMBER, M. BLACKMAN, P.-S. LIN, J. BROWN, H. WHITTLE and R. SCHMIDT-ULLRICH: Human monoclonal antibodies against *Plasmodium falciparum*: production, stabilization and characterization 563 579

Number 5, September 1992 587

457 M. TSUJI, G. CORRADIN and F. ZAVALA: Monoclonal antibodies recognize a processing dependent epitope present in the mature CS protein of various plasmodial species 595

471 A. H. W. LENSEN, G. J. A. VAN GEMERT, M. G. BOLMER, J. F. G. M. MEIS, D. KASLOW, J. H. E. TH. MEUWISSEN and T. PONNUDARAI: Transmission blocking antibody of the *Plasmodium falciparum* zygote/ookinete surface protein Pfs25 also influences sporozoite development

481 C. BRACHO and H. PEREZ: An immunocytochemical test for the diagnosis of antibodies to *Plasmodium vivax*

489 L. M. JARVIS and D. I. PRITCHARD: An evaluation of the role of carbohydrate epitopes in immunity to *Trichinella spiralis*

503 A. HAMADA, N. WATANABE and A. KOBAYASHI: Occurrence and characteristics of hypodense eosinophils in rats infected with *Trichinella spiralis*

513 A. WALES, J. R. KUSEL and J. T. JONES: Inhibition of protein synthesis in irradiated larvae of *Schistosoma mansoni*

531 M. CABRAL, J. O'GRADY and J. ALEXANDER: Demonstration of *Leishmania* specific cell mediated and humoral immunity in asymptomatic dogs

541 M. PINDER, A LECLERC and S. EVERAERE: Antibody-dependent cell-mediated immune reactions to *Loa loa* microfilariae in amicrofilaraemic subjects

557 Brief communication
C. A. VARLEY, D. W. DUNNE and J. C. HAVERCROFT: The influence of adjuvant on humoral responses to glutathione-S-transferase fusion proteins

Number 6, November 1992

563 Point of view
M. E. J. WOOLHOUSE: A theoretical framework for the immunoepidemiology of helminth infection

579 M. LÓPEZ-OSUNA, J. ARELLANO and R. R. KRETSCHMER: The destruction of virulent *Entamoeba histolytica* by activated human eosinophils

587 I. G. COLDITZ, R. R. WOOLASTON, J. LAX and S. I. MORTIMER: Plasma leakage in skin of sheep selected for resistance or susceptibility to fleece rot and fly strike

595 R. L. KERLIN and I. J. EAST: Potent immunosuppression by secretory/excretory products of larvae from the sheep blowfly *Lucilia cuprina*

605 T. JANECHARUT, H. HATA, H. TAKAHASHI, S. YOSHIDA, H. SAITO and S. KOJIMA: Effects of recombinant tumour necrosis factor on antibody-dependent eosinophil-mediated damage to *Schistosoma japonicum* larvae

617 D. I. PRITCHARD, E. A. WALSH, R. J. QUINELL, A. RAIKO, P. EDMONDS and A. E. KEYMER: Isotypic variation in antibody responses in a community in Papua New Guinea to larval and adult antigens during infection, and following reinfection, with the hookworm *Necator americanus*

633 K. ISHIDA and K. YOSHIMURA: Characterization of monoclonal antibodies against eosinophil chemotactic factors from young adult worms of *Angiostrongylus cantonensis*

645 A. S. TAVERNOR, T. S. SMITH, C. F. LANGFORD, E. A. MUNN and M. GRAHAM: Vaccination of young Dorset lambs against haemonchosis

657 P. S. KEEGAN and A. TRUDGETT: *Fasciola hepatica* in the rat: immune responses associated with the development of resistance to infection

671 Brief communication
A. S. TAVERNOR, T. S. SMITH, C. F. LANGFORD, M. GRAHAM and E. A. MUNN: Immune response of Clun Forest sheep to vaccination with membrane glycoproteins from *Haemonchus contortus*
